Let's explore the motivation and goal of the media's obsession with promoting diversity while demonizing white people.

**Yes, Diversity Is About Getting Rid Of White People (And That's A Good Thing)**

By Emily Goldstein, May 26th 2015

White people have been earmarked for replacement.

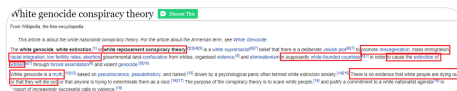

2/

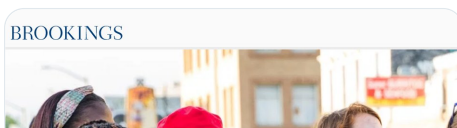

Of course, we're not allowed to say that.

3/

But we don't have to because they won't stop bragging about it.

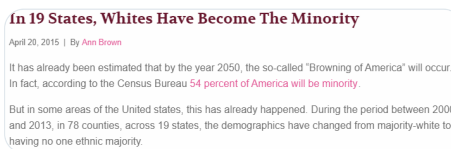

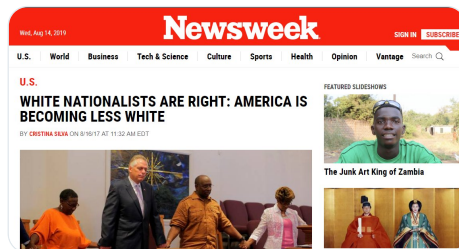

4/

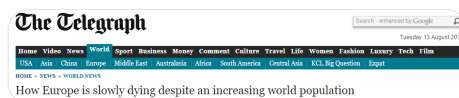

Seriously, they can't stop bragging about it.

5/

Remember: if you're complaining about it you're a racist, white supremacist, conspiracy theorist. If you're bragging about it, you're the media.

6/

7/

So, you can't deny it's happening. But is it purposeful?

**Replacement Migration: Is it a Solution to Declining and Ageing Populations?**

United Nations projections indicate that over the next 50 years, the populations of virtually all countries of Europe as well as Japan will face population decline and population ageing. The new challenges of declining and ageing populations will require comprehensive reassessments of many established policies and programmes, including those relating to immigration.

Focusing on those high-sticking and critical population trends, the report considers replacement migration for eight key countries (France, Germany, Italy, Japan, Republic of Korea, Russian Federation, United Kingdom and United States) and two regions (Europe and the European Union). Replacement migration refers to international migration that a country would need to offset population decline and population ageing resulting from low fertility and mortality rates.

## PHILIA

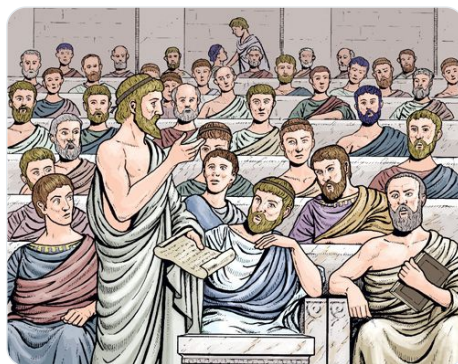

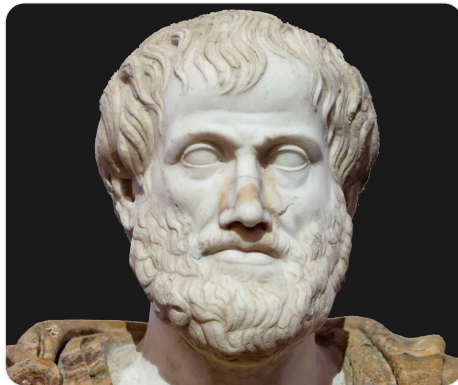

Aristotelian concept signifying 'friendship' — ethno-cultural consensus between members of the same City.

For Aristotle, democracy is possible only within homogeneous ethnic groups, while despots have always reigned over highly fragmented societies.

**A multi-ethnic society is thus necessarily anti-democratic and chaotic**, for it lacks *philia*, this profound, flesh-and-blood fraternity of citizens. Tyrants and despots divide and rule, they want the City divided by ethnic rivalries. **The indispensable condition for ensuring a people's sovereignty accordingly resides in its unity.** Ethnic chaos prevents all *philia* from developing. A citizenry is formed on the basis of proximity — or it is not formed at all. The abstract, integrationist doctrines of the French Revolution envisage man as simply a 'man', a resident, a consumer. Civic spirit, like public safety, social harmony, is based not on education or experience alone, but on

The ancient Greeks invented Democracy, and they also warned us of its weakness. A multi-ethnic (diverse) society cannot function democratically; therefore justifying the need for a dictatorship.

Teacher admits he helped write Common Core to end white privilege

POSTED ON JULY 13, 2017 BY JOHN HINDERAKER IN EDUCATION

## LEFT-WING INDOCTRINATION IN THE SCHOOLS: IT'S WORSE THAN YOU THINK

Edina High School in suburban Minneapolis was long regarded as one of the country's top secondary schools. In recent years, its national ratings and its local reputation have slipped, perhaps in part because teachers are spending time promoting a left-wing agenda and bullying conservative students rather than teaching the subjects they are paid to teach.

Following last November's election, 80 Edina High School teachers—which must represent pretty much the entire faculty—signed an editorial in the school's newspaper that was basically a Democratic Party manifesto. The editorial was authored by Tim Klobuchar (second cousin). It went so far as to oppose calls for unity; unity, it implied, will exist only when all conservatives have been banished from the stage.

We learned of the editorial and other events surrounding the election just a few days ago, and I wrote about left-wing indoctrination at Edina High School on [Center of the American Experiment's web site](#). This caused more students and teachers to get in touch with us, and I did follow-up posts [here](#) and [here](#). Stories about abuse at the hands of bullying left-wing teachers continue to come in.

Not many things shock me, but I confess that I have been shocked by what I have learned about the Edina public school system. Indoctrination in left-wing politics begins in elementary school, where children are taught the pernicious doctrine of "white privilege." In Edina, not even bus drivers are exempt: they, too, are required to take political re-education classes.

Here are excerpts from some of the communications we have gotten from Edina parents and students. There are lots more at the links.

This one is from a student:

*The day after the election I was texting my mom to pick me up from school and she almost had to!! Every teacher was crying in class, one even told the whole class "Trump winning is worse than 9/11 and the Columbine shooting." The amount of liberal propaganda that was pushed every single day in class this year was worse than it's ever been—and you're bullied by the teachers and every student if you dare speak against it.*

## Marketing Miscegenation

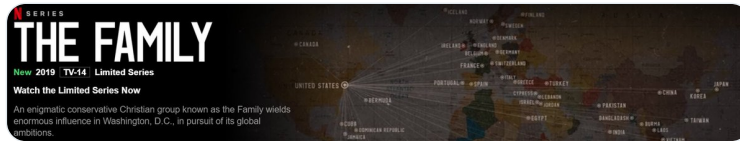

February 17, 2018 / 83 Comments / In Featured Articles, Media Bias / by Taylor McClain

Since "cutting the cable" several years ago, I have felt secure behind my own personal immigration wall, free of the barrage of marketing demands and political patronage upon my time and money. During the Christmas holidays, however, I ventured onto the major networks (NBC, ABC, and CBS) with an external antenna affixed to the TV to satisfy my curiosity of what had been happening in the "real" world since my self-imposed exile.

My attention was immediately attracted to a commercial featuring the Paddington Bear. In the commercial a non-traditional looking Santa is aided by Paddington Brown in sorting Christmas presents for one particular family. At the end, all as well as Santa and Paddington peer through the window at the family enjoying opening presents under the tree in their living room.

The family was composed of the mother, who was an auburn-haired White woman, the father, who was Black, and their mixed-race children, a boy and a girl.

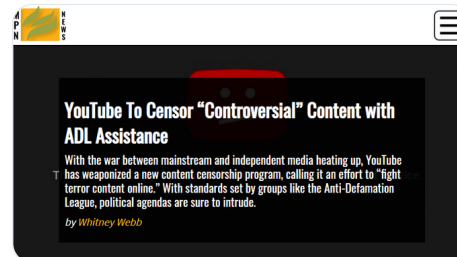

And to invert the truth.

But who are "they?" And why do all this?

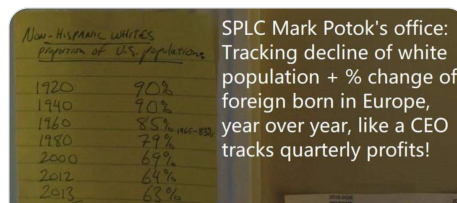

"They" are a complex network of connected and independent people and groups with one common goal: End the dominance of Western Civilization.

By propounding into the consciousness of the dark races that for centuries they have been oppressed by whites, we can mold them to the program of the Communist Party. In America we will aim for subtle victory. While inflaming the Negro minority against the whites, we will endeavor to instill in the whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise in prominence in every walk of life, in the professions and in the world of sports and entertainment. ### The Times of Israel: "Jews DO Control The Media!" and "The Jews Control Washington!"

Manny Friedman on 2018-09-25

We Jews are a funny breed. We love to brag about every Jewish actor. Sometimes we even pretend an actor is Jewish just because we like him enough that we think he deserves to be on our team. We brag about Jewish authors, Jewish politicians, Jewish directors.

Every time someone mentions any movie or book or piece of art, we inevitably say something like, "Did you know that he was Jewish?" That's just how we roll.

We're a driven group, and not just in regards to the art world. We have, for example, AIPAC, which was essentially constructed just to drive agenda in Washington DC. And it succeeds admirably. And we brag about it. Again, it's just what we do.

But the funny part is when any anti-Semite or anti-Israel person starts to spout stuff like, "The Jews control the media" and "The Jews control Washington!"

Suddenly we're up in arms. We create huge campaigns to take these people down. We do what we can to put them out of work. We publish articles. We've created entire organizations that exist just to tell everyone that the Jews don't control nothin'. No, we don't control the media, we don't have any more sway in DC than anyone else. No, no, no, we swear. We're just like everybody else!

Does anyone else (who's not a bigot) see the irony of this?

Does anyone else (who's not a bigot) see the irony of this?

Let's be honest with ourselves, here, fellow Jews. We do control the media. We've got so many dudes up in the executive offices in all the big movie production companies it's almost obscene. Just about every movie or TV show, whether it be "Tropic Thunder" or "Curb Your Enthusiasm," is rife with actors, directors, and writers who are Jewish. Did you know that all eight major film studios are run by Jews?

But that's not all. We also control the ads that go on those TV shows.

And let's not forget AIPAC, every anti-Semite's favorite punching bag. We're talking an organization that's practically the equivalent of the Elders of Zion. I'll never forget when I was involved in Israeli advocacy in college and being at one of the many AIPAC conventions.

A man literally stood in front of us and told us that their whole goal was to only work with top-50 school graduate students because they would eventually be the people making changes in the government. Here I am, an idealistic little kid that goes to a bottom 50 school (ASU) who wants to do some grassroots advocacy, and these guys are literally talking about infiltrating the government. Intense.
